Equality Information and Objectives Statement

Equality Information and Objectives

At Queen Victoria Primary School, we care deeply for the children of Sedgley; we believe every child is worthy and capable of success and happiness and this shows in every interaction. We create the conditions for children to grow into individuals who **care** about themselves, each other and the world they live in. We strive to make a positive difference by basing everything we do on our CARE principles:

Children are at the heart of everything we do – every day, in every decision, and every action, children’s best interests and needs are put first. We have a team of compassionate staff who will move heaven and earth to ensure children get what they need to succeed.

Aspiration – We are full of hope, ambition, and the highest expectations for all children to have bright futures. Therefore, we are ambitious in the curriculum we offer and the standards we expect of ourselves.

Responsible – One of our key purposes is to help our children develop into respectful and responsible citizens who make positive contributions to life in Sedgley and beyond.

Excellence – We are relentless in our pursuit of providing excellence in education, with a balanced approach to academic achievement and personal development.

Our CARE principles are at the centre of everything we do, through our curriculum, our teaching and learning, our behaviour for learning and our policies and procedures.

- For good relations across all characteristics – between people who share a protected characteristic and people who do not share it.

Eliminating Discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and local governors are regularly reminded of their responsibilities under the Equality Act and an Equalities Impact Assessment is carried out when deemed necessary.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training annually.

The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and the local governing body aware of these as appropriate.

Advancing Equality of Opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by staff and children that are connected to a particular characteristic they have
- Taking steps to meet the particular needs of people who have a particular characteristic
- Encouraging people who have a particular characteristic to participate fully in any activities. In fulfilling this aspect of the duty, the school will:
 - Analyse publicly available attainment data each academic year showing how children with different characteristics are performing to determine strengths and areas for improvement, implement actions in response and share this information with governors and staff through the school's self-evaluation form and improvement plan, if appropriate.
 - Analyse available data (e.g., attendance, attainment, progress, behaviour) in school each academic year showing how children with different characteristics are performing to determine strengths and areas for improvement, implement actions in response and share this information with governors and staff through the school's self-evaluation form and improvement plan, if appropriate.

Fostering Good Relations

Secure autonomy enables and supports schools to build good relations within their own communities and contexts in the way which works best for them and the Trust, maintains good relationships with neighbouring trusts and LAs and is committed to working collaboratively to promote equality. We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach.

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- being committed to equality in its delivery of education, whether or not the service is directly provided by us or contracted to a third-party provider. School leaders will monitor this education provision to ensure that children acquire the skills which enable them to be proactive in their behaviour and learning and to become responsible citizens;
- aiming to provide high quality education services, making sure services are easily accessible. We will improve what we do by continuing to consult with staff, children, parents, governors, local communities and other partners about education and equality issues;
- fostering positive attitudes and relationships, a shared sense of cohesion and belonging, and ensure this is promoted in our policies, procedures, and activities;
- ensuring that our staff and local governors who plan, agree, and deliver our education provision recognise diversity and demonstrate a proactive approach in their day-to-day work. They will ensure that everyone is treated fairly, recognising special education or physical needs, and understanding differences. Behaviour will reach our high standards of conduct (staff, volunteers, and pupils) and the learning environment we provide will be safe and accessible for those studying and working;
- making every effort to create equality of opportunity for employees, ensuring opportunities are accessible and fair to all. Where necessary we will implement reasonable adjustments or additional support, to ensure equality of access to the working environment and opportunity to undertake the job role successfully.

Equality Considerations in Decision-Making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. The school keeps examples of a written record known as an Equality Impact Assessment (see Appendix) to demonstrate how we have actively considered our equality duties and asked ourselves relevant questions.

Equality Objectives
